Job Profile :

- An accounts officer plays a crucial role in managing the financial health of an organization. They are responsible for various accounting and financial tasks, ensuring accuracy, compliance, and efficient financial operations

Prerequisites:

- Bachelor's degree in Accounting, Finance, or a related field.
- 1-2 years of relevant experience in accounting or related roles.
- Proficiency in accounting software Tally, and MS Office, especially Excel.
- Strong understanding of financial principles and practices.
- Excellent analytical and problem-solving skills.
- Attention to detail and a high level of accuracy in work.
- Exceptional organizational and time management abilities.

Responsibilities

- 1. Financial Reporting and Analysis:**
 - Prepare and analyze financial statements on a regular basis.
 - Conduct financial forecasting and variance analysis to guide decision-making.
- 2. Bookkeeping and Accounting:**
 - Maintain accurate and up-to-date financial records using appropriate accounting software (e.g., QuickBooks, Xero).
 - Oversee accounts payable, accounts receivable, and general ledger entries.
- 3. Taxation and Compliance:**
 - Ensure compliance with all relevant tax laws and regulations.
 - Prepare and file tax returns accurately and on time.
- 4. Budgeting and Forecasting:**
 - Assist in the creation and management of budgets and financial forecasts.
- 5. Auditing:**
 - Support in internal and external audit processes, providing necessary documentation and insights.
- 6. Financial Transactions:**
 - Process invoices, receipts, payments, and other financial transactions.

Opportunities

- Hands on experience working directly with management
- Acquisition of several skills
- High visibility in career path at the firm
- Direct interaction with HNI's and Investment Product Managers (ICICI, Reliance, DSP Blackrock, Motilal Oswal, etc.)
